

A low-angle photograph of a large, modern precast concrete structure, possibly a bridge or a large overpass, against a clear blue sky. The structure features thick, rectangular concrete columns and a wide, flat top slab. The lighting suggests it's either early morning or late afternoon, with soft shadows.

Unlock the full potential of precast concrete technology with the added **strength** and **durability** of ELKEM MICROSILICA®

ELKEM MICROSILICA® is certified to:
ASTM C1240: Standard specification for silica fume used in cementitious mixtures
ISO 9001:2015 certified quality management system
