# 7<sup>TH</sup> INTERNATIONAL CONFERENCE ON **Best Industrial Flooring Practices to Maximise your Investment Returns**

6 October 2023

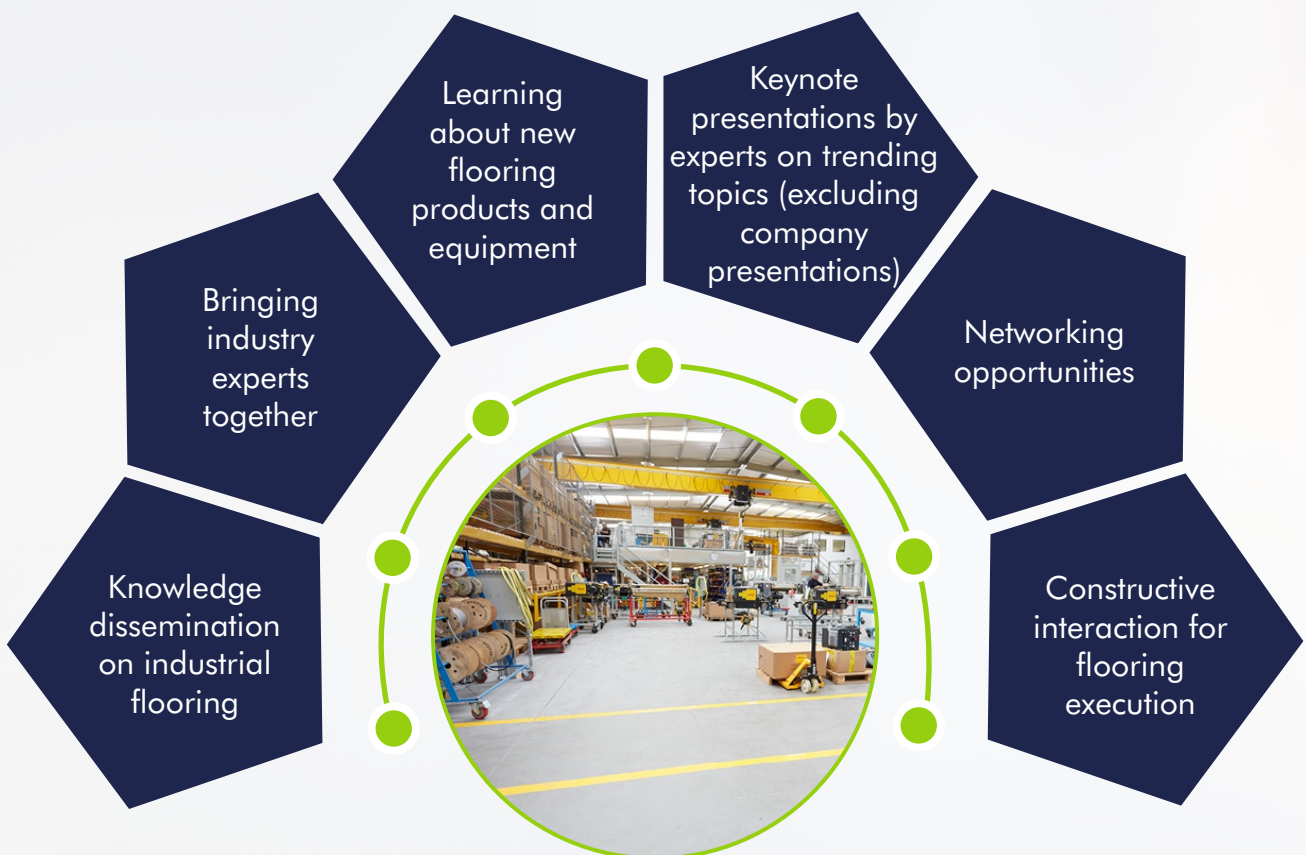

Hotel Crowne Plaza  
District Centre, 13 B,  
Mayur Vihar, New Delhi,  
Delhi - 110091

IFA is a professional body that works to spread awareness & disseminate knowledge about industrial flooring. This includes recent trends about flooring products, equipments, application process, floor design, and execution method.

The association follows the ideology of collective working, bringing together experts from the industry to share their insights and expertise. It has expanded its holistic approach since 2014 through flooring conferences, demonstrations, and exhibitions, across India, which includes Pune, Chennai, Mumbai, Delhi, Bangalore, Indore, and Hyderabad.

The vision of IFA is to educate, train, and bring out the IFA handbook, which ensures the standardisation practice in industrial flooring .

## Takeaway from the Conference

# Invest Wisely in Industrial Flooring: Stay Ahead of the Learning Curve

By staying abreast of the latest trends and technology, investors can identify opportunities that competitors may overlook. This knowledge allows investors to make strategic investments in companies that offer innovative flooring solutions, giving them a competitive edge in the market. The industrial flooring industry is continually evolving with new technologies, materials, and installation methods. Keeping up with these advancements enables investors to identify companies that are at the forefront of innovation.

IFA provides a platform for acquiring in-depth knowledge of key indicators, market trends, and investment strategies to make informed decisions that align with your financial objectives. By attending the conference, you can stay updated with the best trends and practices in industrial flooring, gain a competitive edge, and make strategic investment choices.
